

## Renovated Airport Commerce Park Prepares to Grow

New Office Building to Break Ground Later This Year

April 6, 2009

The owner of **Airport Commerce Park** in Dania Beach, FL, has completed a \$1 million renovation at the property a few months before construction begins on a new building at the complex.

Major upgrades at the 80,000-square-foot office property included new building facades, landscaping and energy-efficient lighting. Later this year, ground will break on a 10,000-square-foot building that is designed to earn LEED certification from the U.S. Green Building Council.

The four-building complex is at 4101 Ravenswood Road, close to the Fort Lauderdale-Hollywood International Airport. Tenants include Big Brothers, Big Sisters of Broward Inc., James Hartley Contractors, Precision Air and Super Yachts. A venture managed by Fairchild Partners owns the property.
